If bills are not paid in full for the labor, services, equipment, or materials furnished or to be furnished, a mechanics' lien leading to the loss, through court foreclosure proceedings, of all or part of your property being so improved may be placed against the property even though you have paid your contractor in full. You may wish to protect yourself against the consequence by (1) requiring your contractor to furnish a signed release by the person or firm giving you this notice before making a payment to your contractor, or (2) any other method or device that is appropriate under the circumstances. Other than residential homeowners of dwelling containing fewer than five units, private project owners must notify the original contractor and any lien claimant who has provided the owner with a preliminary 20-day lien notice in accordance with Section 3097 of the Civil Code that a notice of completion or notice of cessation has been recorded within 10 days of its recordation. Notice shall be by registered mail, certified mail, or first-class mail, evidenced by a certificate of mailing. Failure to notify will extend the deadlines to record a lien.
